Dogness Smart Cam Treater User Instruction Manual

Please read the manual carefully before using the product

Thank you for purchasing DOGNESS smart products. For your safety and benefit, please read the instruction manual carefully before using the product. If you fail to follow the instructions or do not follow the precautions, DOGNESS will not be liable for any personal injury, property or other loss except as expressly provided by law.

About Instruction Manual

The authorization, trademark and brand name of the manual belong to DOGNESS and other related parties. If the contents of the manual are inconsistent with the actual products(including App), the actual products (or App) shall prevail. DOGNESS reserves the right to interpret and modify the instructions within the scope permitted by law. If you have any objection to any content or terms of the instruction manual, please make a written objection to DOGNESS within 7 days after the purchase, otherwise you are deemed to have agreed, understood and accepted all contents of the instruction manual.

Authorization statement

This App (DOGNESS) respects and protects the personal rights of all users who use the service. In order to provide you with more accurate and personalized services, the App will use and share your personal device operation rights according to the authorization. This application will use this information with a high degree of diligence and prudence. Except as otherwise provided in this License Notice, this application will not disclose or provide any information to third parties without your prior permission. Users who share your authorization will have all the rights to use your current device, such as: camera, photo, listen, etc. If you decide to authorize, it means that you are fully aware and have fully understood the above terms. Therefore, the company does not assume any form of responsibility for any personal privacy leakage, relationship disputes, property, credit and other losses caused by sharing the authorization. Please use the authorization function with caution . The company has the final interpretation of the license terms and has the right to immediately terminate the service agreement with the authorized users.

NOTE: In an effort to provide the best experience for you and your pet, we continually make updates and improvements to our products periodically. This user manual may have slight differences from the actual product.

Power On

USB power supply: please connect to the power supply with Dogness Smart Cam Treater by USB cable provided, so you can link the Dogness APP with the treater for operation.

Install APP

Android 5.0 version or above
IOS 7.0 version or above

Scan the following QR code with your mobile phone, download and install the "DOGNESS" APP. In the "Device List" of APP, select the corresponding model to connect the device.

Link to treater operation

The treater can be connected to the App using three different methods: 1. Scanning of the QR code on the treater, 2. Bluetooth pairing or connecting the device via hot spot, 3. Manual Set-up (most commonly used). The treater is operational once it is connected to your Wi-Fi network.

FAQs

- 1.Why is the treat not coming out when pressing the treat button from the App?
Answer:
A.The treat container is out of treats. Please fill with treats.
B.If the treat container is not empty, please check if the food outlet is blocked or damaged.Clean the food outlet with caution, if necessary.
C.The network connection is delayed or interrupted. Please check your network connection and press the treat button again.
- 2.The video does not play smoothly? What should I do?
Answer: Please check your network connection and play the video again.

- 3.Unable to login the existing account, what should I do?
Answer:
A.Check if your network is connected appropriately.
B.Check if another user is accessing your account.
C.If necessary, delete the App, re-download the App, and try again.
D.If you are operating on android, please try the following step:
Mobile ->Setting->Apps& notifications->Dogness App->Storage->Clear data, then login again.
- 4.If I created my login with the incorrect phone number/email what should I do?
Answer: The App does not support account transfer. If necessary, please open a new account with a different E-mail address and/or phone number. Remove the binding on each Dogness device, login with new account information, then reconnect devices. Note:
The new account will not be able to recognize the product if you do not unbind it with previous account.
